## TO HOLD REUNION OF OLD STUDENTS

Feature of Commencement at Randolph-Macon Academy.

[Special to The Times-Dispatch.] Bedford City, Va., April 16.—Special interest attaches to the present session of Randolph-Macon Academy by reason of the fact that it marks the close of the twentieth year of the Academy's history. The total enrollment for the session is 222, and whereas this is a less than the record year, the average attendance has been the largest in the history of the school.

The plans for the general reunion to be held here at the close of the present session in connection with the commencement exercises are about complete. It is expected that the largest number of fellows that ever assembled at a preparatory school in this State on a similar occasion will return to the academy in June and enjoy meeting again their former schoolmates and revise the friendships and memories of the past. About 300 have already written definitely that they would be present, and reports have come in indirectly from many more. This list is being increased almost daily.

The replies to the circular letter sent out show somewhat the enthusiasm with which the reunion is regarded by the old fellows well as their interest in the academy and its work. Judging from the tenor of the letters, there will be a big time at Bedford City when these fellows get together.

A meeting of the Alumni Association held here last May, the following officers were elected: President, C. M. White, Washington, D. C.; Vice-President, John W. Knobloch, Charleston, S. C.; Secretary and Treasurer, W. L. Ellis, Bedford City.

The arrangement committee has completed for the occasion a program which provides for various forms of entertainment. The following is the program in full for commencement week.

Sunday, May 29.—Baccalaureate sermon by Rev. J. N. Latham, D. D.  
Monday, May 30.—Field day exercises, 10 A. M. to 4 P. M.; reception and coronation of champion, 8:30 to 11 P. M.

Tuesday, May 31.—Commencement exercises, 11 A. M.; address by Hon. Harry S. George Tucker, reception and welcome to visiting alumni.

Wednesday, June 1.—Meeting of alumni, 11 A. M.; address by William B. Colonna, baseball game between representatives of the first and second decades, 4 P. M.; alumni banquet, 9 P. M.

Thursday, June 2.—Alumni meeting, address by ex-Governor Claude A. Swanson, 11 A. M.; election of officers, alumni field day contest, 3 P. M.; entertainment by alumni and carnival of all-round champions and queens of sports, 9 P. M.

On Friday and Saturday there will be no set program. These days will be spent in social visiting, trips to the peaks, Natural Bridge, etc.

Capree Amory has been selected from the present student body to make the address of welcome on the night of the reception to the alumni.

### DR. BLANTON HURT

Buggy in Which He Was Driving Hit by Car. A. Blanton, of 20 West Grace Street, was run into from the rear by Dr. Stuart McGuire's automobile, which was being driven by his chauffeur, Dr. McGuire was not in the car.

The car knocked a wheel from the buggy, tore it away from the horse, leaving it a total wreck, and threw Dr. Blanton to the ground. Though hurt, the doctor was not much hurt, and was picked up by Dr. McGuire's chauffeur and taken to his office, where he treated his injuries himself. His chief hurt was to his right hand.

After being struck by the car the horse ran away and was not caught until he reached Jefferson and Franklin Streets. The police were notified of the accident, and Bicycle Policeman Thurman investigated and discovered the number of the car and its owner.

## IN THE BLOOD

A Bad Humor Broke Out as A Small Sore—Intense Suffering for Five Years.

A Permanent Cure by Hood's Sarsaparilla.

"On getting up one morning I found what seemed to be a mosquito bite on the calf of my right leg. Soon the sore grew larger and continued day after day, becoming more and more troublesome. One physician advised poulticing, another physician told me to use a rubber bandage, but the sore grew worse until there was not a spot of healthy skin as large as a ten-cent piece between my knee and ankle. A third physician prescribed a paste, and then a specialist in scrofulous troubles treated me for a year. The sore seemed to be healing, but in a few months broke out as bad as ever. I had now been suffering for more than five years. My leg was a dreadful sight. There were places no large and deep that an egg might have been put into them. I was told the leg must be amputated."

"One day a neighbor spoke of the value of Hood's Sarsaparilla for scrofula, and I thought I might as well take it. Before I finished the first bottle I suffered less pain, and could see the edges of the sore beginning to heal. "So I continued taking Hood's Sarsaparilla, and before long the sore was completely healed and my general health perfect. I believe it my duty to tell what Hood's Sarsaparilla has done for me."—Mrs. Josephine Sargent, 28 Lincoln Street, Exeter, N. H.

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. There is no real substitute for it. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make and yields the dealer a larger profit. Get Hood's Sarsaparilla.

To-day in usual liquid form or in chocolate tablets known as Sarsatabs.

### BLUES GO ON HIKE

Half of Company C, Takes Short Trip to Sea Air.

In order to prepare his men for the general encampment of the militia and regular troops this summer Captain Percy Montague has instituted a scheme to have weekly encampments at Bon Air, and yesterday afternoon nearly half of Company C, Richmond Blues, left for their first trip. The street car was taken as far as Forest Hill, and from there the men took the road, the way, which is about six miles. They went in heavy marching order, and strict army regulations will be observed while in camp. The men will return some time this afternoon, probably breaking camp at 4 o'clock and reaching here about two hours later.

Men in the other companies have been invited to go, and any will be welcomed. The site of the general encampment has yet been decided upon, so far as can be learned from the War Department. The three sites mentioned are Gettysburg, Pa.; White Plains, N. Y.; and Fredericksburg, Va. The last named place includes the famous battleground of the Wilderness, in which General Jackson played such a prominent part.
